Objective

Enthusiastic and highly motivated MCA graduate seeking an entry-level position in software development and web development. Eager to apply my skills and passion for technology in a dynamic IT environment to contribute to innovative projects and continuous learning.

Technical Skills

- **Programming Languages :** Java, C , C++, Python
- **Web Technologies**   : HTML, CSS, JavaScript
- **Databases**   : MySQL, MongoDb
- **Libraries & Frameworks** : Reactjs, Bootstrap
- **Version Controls**   : Git, GitHub
- **Operating Systems**   : Windows, Linux
- **Other Skills**   : Object-Oriented Programming (OOP)

Projects

Academic Projects

- **Online e-commerce website**(Feb 2023 – May 2023)
  Created a dynamic online e-commerce website with features like user login, product browsing, shopping cart, and secure checkout. Enabled smooth user experience with responsive design and real-time updates.

  - Designed an intuitive and responsive front-end using React.js to enhance the overall shopping experience.
  - Built a scalable back-end using Node.js, Express.js, and MongoDB to ensure efficient data handling and smooth server-side operations.
  - Optimized performance by refining API calls and improving database query efficiency for faster load times and better user interaction.

Personal Projects

- **GitHub Portfolio** (Github link:https://github.com/Geet-04/-My-portfolio-)
  Developed and maintained a GitHub portfolio showcasing projects web applications, demonstrating proficiency in coding.(HTML, CSS, Bootstrap, JavaScript)

- **Foodie Web** (Github link:https://github.com/Geet-04/MultipageWebsite2)
  Built a Fresh Food farm website using JavaScript, HTML, CSS, and Bootstrap, JavaScript featuring dynamic content and CSS animations to enhance user experience.
- **Rest Country Api** (Github link:**https://github.com/Geet-04/rest_country_api**)
  Developed a responsive web app using React that fetches and displays country data from the REST Countries API. Includes features like search, filter by region, and detailed country view. (React)

Professional Trainings

- **Full Stack Web Development with MERN Stack**- Udemy, 2025 (in progress)
- **Introduction to Front End Development**- Simplilearn , 2025(completed)
- **Build Website with AI** - Simplilearn, 2025(completed)

Education

- **MCA** from Kanlinga Institute of Industrial Technology, Odisha with 8.60 CGPA (86%) in 2023.
- **B.Sc. Computer Science** from Rajendra College, Balangir, Odisha with 8.27 CGPA (77.70%) in 2020.
- **Intermediate** from CHSE, Odisha with 60% in 2016.
- **High School** from BSE, Odisha with 81.33% in 2014.

Strengths

- **Problem-Solving** : Strong analytical skills to identify and resolve complex technical issues.
- **Quick Learner** : Ability to rapidly acquire new skills and knowledge in dynamic environments.
- **Team Collaboration** : Excellent teamwork and communication skills gained through academic projects.
- **Attention to Detail** : High level of accuracy and attention to detail in coding.
- **Adaptability** : Comfortable adapting to new tools, technologies, and methodologies.
